person

- **gold key icons** – the column is the **primary key** of the corresponding table
- **blue arrow icons** – the column is the **foreign key** of the corresponding table
- **gray arrows** – connect matching columns (common identifiers) from two tables

Primary Key: a unique identifier for each row in a table
Foreign Key: used to reference data in one table to those in another table

Commands (the blue font words)

Capital Letters	Lower Case Letters
SELECT (choose)	count
FROM (name of table)	max
LIMIT (list only first __ rows)	min
DISTINCT (remove repeats)	sum
WHERE	avg
AND	
LIKE	
BETWEEN	
ORDER BY	
ASC (ascending – lowest to highest)	
DESC (descending – highest to lowest)	
JOIN (two tables)	
ON (which other table to join)
